

LAUREN ENG

Story Artist | Animator

I'm a creative professional with a background in animation and UX design, seeking to expand into storyboarding and create engaging and joyful visual narratives!

My goal is to combine my technical expertise, artistic vision, and passion for great stories to enhance dynamic storyboards.

and Studio Arts

WORK EXPERIENCE

ADMINISTRATIVE ASSISTANT

Engum Realty Corp | 2015 - present

- Efficiently managed payroll organization and handled online correspondences for the Executive Manager, ensuring smooth communication between the company, brokers, and tenants.
- Prepared and distributed tenant lease agreements, facilitating timely and accurate contract management.

FREELANCE ARTIST AND DESIGNER

Self-Employed | 2021 - Present

Examples of my freelance projects included the following:

- Developed a website prototype for a local noodle manufacturer, optimizing customer engagement in a post-pandemic environment.
- Crafted visually appealing and high-quality designs for menus, wedding invitations, and save-the-dates, tailoring each project to client specifications.

ARTIST'S ASSISTANT

Jess Johnson and Simon Ward | 2017 - 2020

- Assisted in animating Johnson and Ward's 3D characters for their *Terminus* VR experience by blocking out poses and performing animation cleanup.
- Converted Johnson's hand-drawn designs into stock footage for 3D texturing in Unity, enhancing visual elements.
- Set up and troubleshooted Oculus equipment and computers for *Terminus*'s permanent installation at Facebook NY's headquarters, ensuring seamless operation and visitor experience.

COURSES AND WORKSHOPS

STORYBOARDART.ORG

2020 - 2021

Engaged in an online mentorship focusing on storyboarding and pre-vis principles, camera work, and sequential storytelling, gaining practical insights in storyboarding basics.

ART STUDENTS LEAGUE OF NEW YORK

2017, 2019, 2020

Participated in multiple short-term workshops focused on live drawing, art in animation, storyboarding, and comic/sequential art, honing skills in visual storytelling and dynamic illustration techniques.

NEW YORK FILM ACADEMY

2018

Completed an intensive workshop covering pre-production planning and advanced video editing techniques for virtual reality narratives, focusing on immersive storytelling and technical execution.
